

HOW TO BE AN ETHICS ADVISOR

MAIN GOALS

Explain who Ethics Advisor is, what they do in Research life-cycle, what their responsibilities are.

Explain possible ways to become an Ethics Advisor and analyze it as a profession (salary, workplace, advantages and disadvantages)

Activity Plan & Timetable

Desk Research 20/04

Find articles and resources about ethics advisors.

Associate interviews into Final Powerpoint 07/05-14/05

After making interviews, write them and add to the final presentation.

Oral Presentation 30/05

In the class, I will present my final work.

Idea 16/03

Find an idea and present it to colleagues.

Interviews 01/05 - 07/05

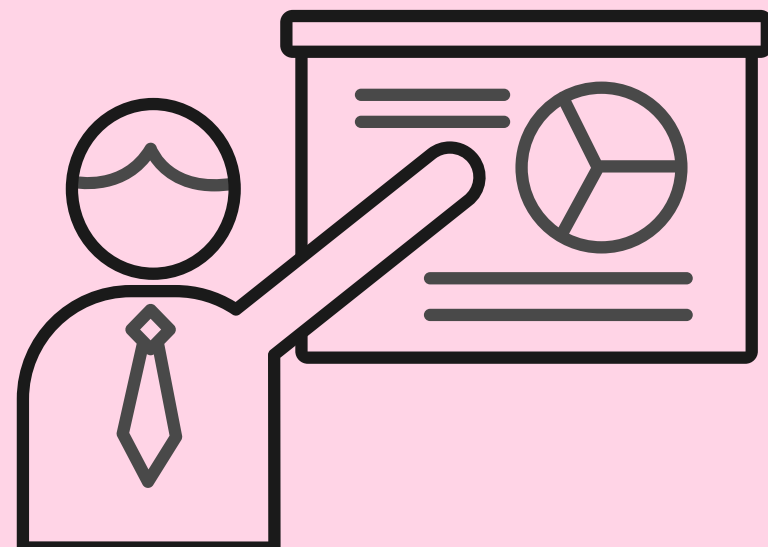

Find possible interviewees and interview with them.

Finalize Project 15/05 - 29/05

After doing my research and interviews, I will analyze and explain my career path.

Main Output

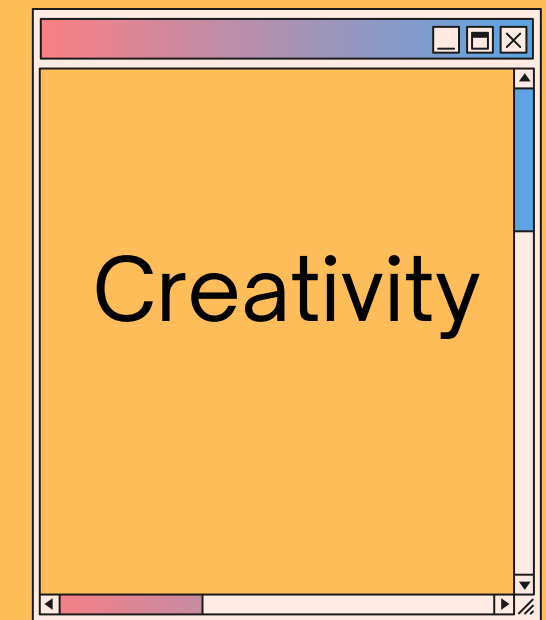

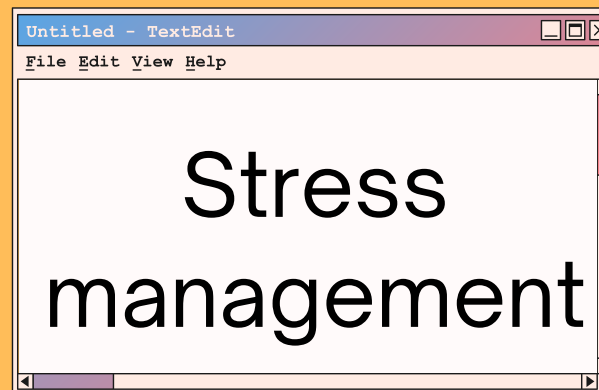

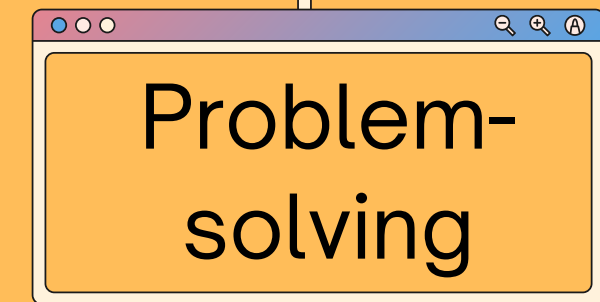

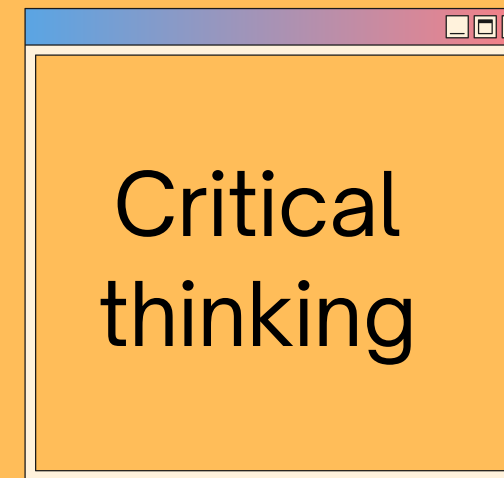

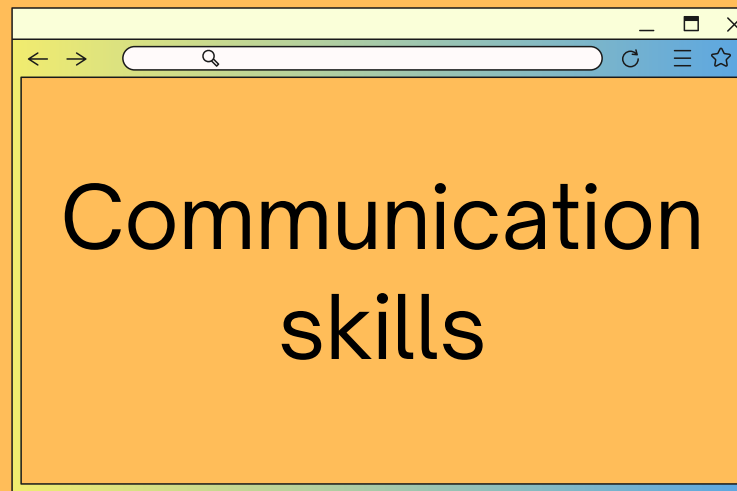

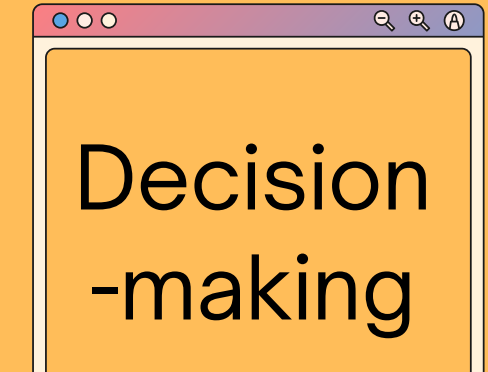

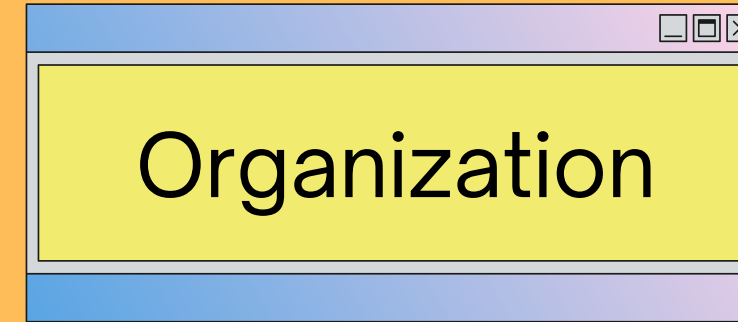

My main output will be a PowerPoint presentation including general information about Ethics Advisor and also possible career path how to become one.

Oral Presentation

At the end of my research process, from my point of view I will present my output to classroom and try to express my findings.

Expected Impacts

Assessment Measures

After the presentation, my colleagues will assess my performance, process and skills.

Thank you for listening!
